Attendance

Actives - 60

Seniors - 11

Speaker - 1

Guest - 0

Invocation given by – Dick Klaus

Announcements – Board Meeting December 7, 2009

Health and Cheer – Vic Johansen reported that Jack Butcher is coming home from the hospital on Wednesday, just in time for Thanksgiving. Ron Roth went back into the hospital today for shock treatments to get a normal heart rhythm, hopefully all works out. George Keller is home from knee surgery, his spirits are good and he is receiving physical therapy.

Glad hander – no glad hander today

Program - Vanessa Nicely, Director of Development for Shriners Hospital for Children, gave a wonderful and very insightful talk about the hospital and also showed us a video. She shared with us that the hospital is completely funded by donations and luckily have not been affected by the economy. There are 22 hospitals and help more than 120,000 victims yearly. It was very touching and definitely gave us a reason to be thankful for all of our blessings.
