Program :

Lee Strawn introduced Mark Buttlewerth as our guest speaker. After grad school for Philosophy Mark began his career in social services. In 2004 he started work with MRDD (now HCDDS – Hamilton County Developmental Disabled Services) and he was chosen to be one of the original 4 members of the innovative and nationally recognized ABCD team promoting citizenship and community building. ABCD is an acronym for Asset Based Community Development. This non-traditional program asks us in the community “what’s our gift’ and gives the disabled a chance for immersion in the community – as opposed to being removed from it. The ABCD motto is “where everyone’s gifts are appreciated and radical hospitality is practiced and promoted.”
