Program

Our program was presented by member Marc Tehar and Jason Smith. Both work for the Dan Beard Council of the Boy Scouts. The Scouts continue to do well and grow membership.

Marc has been promoted to district administrator. He will be responsible for all the districts in the Dan Beard Council of which there are 4 . Jason Smith will be taking over from Marc as the Director of the William Henry Harrison district which encompasses the West side. Jason has been transferred here from Greenville, S.C.

The Boy Scouts have many new programs:

- Varsity Scouts – for schools without sports programs
- Venturing - 14-21 yrs old allows girls to participate with the Scouts in high adventuring outdoors activities. There are 4 centers for these programs throughout the US.
- Learning for Life – a box program that schools can present to their students

Kiwanis has supported the Pinewood Derby that the Scout's hold every year.

The Scouts are reaching out to the inner city kids, those who cannot afford

to participate. They waive the costs to join and even offer free Challenge Camp Program (1 week at camp) at no cost.

Finally, the Explorers program which is a career based program that started with Fire and Police continues to grow as companies in many industries are helping with the program: Lawyers, construction, medical etc.
